FOR IMMEDIATE RELEASE

AGE PENSION AMENDMENT

The Antigua & Barbuda Social Security Board wishes to notify the general public of an amendment to the pensionable age to take effect as at January 1, 2019 as per Gazette XXXVII.

Pursuant to Statutory Instrument No. 81 of 2017 - **The Social Security (Benefits) (Age Pensions and Grants) (Amendment) Regulations** - age 60 will be kept as the age when pensions are first payable, with options to claim at any age between 60 years and the designated age as prescribed by the Schedule in **The Social Security (Benefits) (Age Pensions and Grants) (Amendment) Regulations, 2013, S.I. No. 16 of 2013**.

As a consequence, persons choosing to cease working after age 60 but before the designated pensionable age will have their pensions reduced by ½ percent for each month between the time the pension starts and the pensionable age at that time. Hence, the age pension would be reduced by 6% for each year before the designated pensionable age.

For example, if the claimant decides to start pension at age 60 in 2019, the Social Security pensionable age will be 62 years. As such, the amount payable would be reduced by 12%, given that the claimant is 24 months younger than the designated pensionable age.

The minimum contribution requirement for Age Pension is 500 weeks for persons wishing to leave at age 60.
